**Inspiring a new generation of aerospace leaders today.**

**The Future is Calling! Don't miss this STEM Special Edition!**

Aerotech News will publish a special edition on August 23, 2024, dedicated to STEM and the fields driving progress and shaping the future.

This special edition will offer:

Profiles of STEM trailblazers • Engaging STEM Activities  
Career Insights • Cutting-Edge Research and Development

This STEM Special Edition is an invaluable resource for:

**Educators** who want to integrate stimulating and informative content into their curriculum.

**Students** to help spark intellectual curiosity and explore potential career paths.

**Professionals** that want to stay informed about industry trends and the evolution of STEM fields.

**And anyone** who wants to expand their knowledge and appreciate the impact of STEM on our everyday lives.
